@shinsou are you aizawa's secret love child?

shinsou
aren't we all?

Several people are typing…

(Or, in which Shinsou gets into class 2A, and joins the class' server. Chaos ensues.)

Notes:

Hello! Before we start a little disclaimer that this is my first bnha fic which is Very Exciting and also Kinda Scary. I've been bingeing a ridiculous amount of bnha fics for the past two weeks, I have like 200 tabs open on my phone, and I really just wanted something absolutely chaotic with Class A because I love chatfics and I love Shinsou Hitoshi with all my liddle heart.

That said, I just wanna say I'm not completely caught up with canon, I'm only fully caught up with season 2, and I watched the first half of it back when it was airing, so if my characterization seems a little to the left, that's why.

I hope you enjoy! Cheat sheet to everyone's usernames at the end!!!!

(See the end of the work for more notes (#work_endnotes) .)

MOVE IN DAY!!! 🏠 🏠 🏠 🏠

[post description: There are three pictures, in the first one Shinsou and Midoriya are standing side by side, a wall painted purple behind them. Midoriya is grinning wide and making a peace sign. There are smudges of purple paint on his cheeks, and on his hands, forearms and shirt. Shinsou isn't quite smiling, but there's a curl to his lips that could be mistaken for a smile. One of his hands is also thrown up in a peace sign, but it's positioned behind Midoriya's head so it looks like he has bunny ears. There's paint on his hands.

The second picture is Shinsou laying face down on the floor, surrounded by a couple cardboard boxes. Above him stand Sero, Kaminari, Ashido and Kirshima, dabbing.

The last picture is clearly a candid shot. Shinsou is standing in the middle of what looks like a living room, surrounded by most of class 2A. He's looking down in a way that seems almost bashful, one of his hands scratching self-consciously at the back of his neck. There's a big banner behind him that says WELCOME TO CLASS A, SHINSOU! To the side on a coffee table you can see the leftovers of what was once a big cake as long as a lot of almost empty bottles of soda.]

[video description: Midoriya appears out of focus onscreen. He looks like he's holding the camera, after a second it focuses on his face and he beams.

"Hello," he says quietly. "We're at a cat café to celebrate Shinsou transferring to our class. They didn't let all of us in at once so we're taking turns. I'm filming so no one misses anything. So let's see what everyone is up to!"

(…)

Shinsou has found an empty spot on the floor to lay down, there's a cat asleep on his chest and another trying to chew on his hair.

"Bury me like this," Shinsou says. "I can die now."

Behind the camera Midoriya laughs. "You can't pet cats if you're dead."

"Fuck, you're right."

"Watch your language," a gruff voice calls out. The camera shifts to focus on Aizawa, who's leaning back in a comfortable looking armchair. There's a cat asleep inside his capture weapon/scarf, and another sitting on his lap, paw reaching for the dessert Aizawa has sitting on a little table beside him.

"Sorry, sensei," Midoriya says, focusing the camera back on Shinshou, who picks up a cat and deposits it directly on his face.

(…)

"Todoroki-kun," Midoriya says carefully. "Are you alright?"

Todoroki is holding intense eye contact with a cat sitting on top of a shelf. Neither of them look away.

"Yes," Todoroki says, slowly and unconvincingly.

The camera stays on them for another twenty seconds. Neither the cat nor Todoroki drop their staring contest.

"Okay, then."

(…)

The camera focuses on the girls who are sitting in a corner surrounded by pillows. Hagakure is holding a little cat toy and wiggling it in front of an interested kitten, who leaps after it. When it lands on her, it looks confused and gently paws at her invisible leg as if testing the water.

It meows confusedly, before getting distracted by the toy again.

Uraraka is surreptitiously making another cat toy float bringing it in and out of reach of one of the kittens.

"This was a great idea," she says, smile wide on her face.

"Thank you," someone else says, and the camera turns to focus on Jirou, who has one hand touching her chest and another on her phone focusing it on Yaoyorozu. "For my life."

Yaoyorozu is gently petting a kitten that's sitting on her lap, when she looks up her eyes are sparkling and awed.

"Kyouka look, I think she likes me," she says when the cat grabs her hand with her front paws and nuzzles its face into it. Yaoyorozu looks a little like she's about to cry.

"The world… is so good," Jirou says, sounding overwhelmed.

(…)

Shouji is being used as a jungle gym by some cats.

"Where's Tokoyami," Midoriya asks.

"He's not really fond of cats," Shouji says.

"Oh."

"He gave his turn to Kouda," Shoji says, and points somewhere off-screen.

The camera turns to find Kouda sitting at a table, three cats sitting on the table in front of him, looking like a captive audience to whatever he's saying.

"That's so cute," Midoriya says.

"They've been like that for the past half hour."

(...)

The camera goes out of focus as it zooms in on something. When it refocuses it reveals Todoroki very gingerly scratching the cat he had been having a staredown with under the chin.

The cat rubs its head against his palm and wanders into his lap. Todoroki stares down at it like he has no idea what to do.

"Has he pet a cat before?" Shinsou's familiar voice asks.

"I mean… he must've at some point, right?"

Todoroki rubs a single finger over the cat's head and smiles softly down at it.

There's a couple seconds of silence before Midoriya says, "We should come back here with everyone again."

"Or cut the middle man and get a cat for the dorms."

"Aizawa-sensei would never let us, we'll get in trouble."

"Only if we get caught."

"*Shinsou.*"

(…)

Iida is karate chopping the air, lecturing Uraraka about using quirks outside of UA. The lecture is somehow dampened by the fact that he's wearing a face mask.

Mid tirade, Iida suddenly goes quiet and looks down. The camera follows his gaze to see a cat intertwining itself between his legs.

"I think he likes you!" Uraraka says with a smile, watching the cat bite softly at one of his engines. "Why don't you pet him?"

"I'm allergic," Iida says tragically even as he bends at the waist and wiggles his fingers until the cat nuzzles against them.

The camera focuses on Iida for 7 full seconds before it's interrupted by Iida violently sneezing, startling the cat into running away.

"This is so sad, Jirou play HEROES" Hagakure says.

(…)

"How are you holding up Shinsou?" Midoriya asks.

Shinsou is now sitting up, there's a cup of tea sitting in front of him on a table. There's a cat on his lap, biting at his fingers.

"This is the best day of my life," he says, completely deadpan.

(…)

"Bakugou look," Kirishima calls out, picking up a dirty yellow cat who doesn't look like it's ever seen the business end of a brush. It meows loudly in protest. "It looks like you!"

"Huh? What the *fu*-"

"It's so cute," Kirshima says bringing it up to his face. The cat continues meowing and puts its paws on his chest pushing back from him.

There's one single second of stunned silence, before Bakugou explodes predictably, which only gets worse when Kirshima starts making kissy noises at the cat, who resolutely puts a paw on his mouth to push him away.

"Bro, I think Bakugou is jealous of that cat," Sero says.

"Bro, you're right," Kaminari says, both of them turning shit-eating grins towards Bakugou.

"Shut the fuck up!" Bakugou yells.

“Oh, you should’ve said so, Bakugou! I don’t want to make you feel left out,” Kirshima says, putting the cat down and leaning over with open arms towards him. The cat skitters away as soon as it’s free.

“What the hell are you saying, shut up!” he says putting a hand on Kirshima’s face to push him back. It doesn’t really work.

Sero and Kaminari start laughing as Kirishima starts making kissing noises at Bakugou too.

“Kirishima was right, it does look like him,” Midoriya says quietly.

Bakugou’s head snaps to him, “The fuck you said.”

The camera cuts off abruptly.

(...)

The camera slowly zooms in on Aizawa who is asleep in the same spot he was earlier. There’s now three cats inside his capture weapon/scarf.

“How long as he been asleep?” Midoriya whispers.

“Two hours,” Shinsou says, the camera pans back to him. There’s a cat inside his sweater, you can only see its tail peeking out of the bottom and a tiny paw.

“You’re not planning on stealing that cat are you?”

“It’s only stealing if you get caught.”

“I don’t think that’s how the law works.”

“We’ll see about that.”

(…)

Aoyama, Asui and Ashido are all sitting at a table, drinking hot beverages and eating cake. Ashido has a laser pointer in one hand and is making a couple of kittens chase it across the floor, looking delighted. She points it abruptly straight into Kaminari’s face and one of the cats leaps after it, making Kaminari startle and fall back.

Ojiro catches him before his head thunks against the floor.

“When will the abuse stop?” Kaminari whines.

Ojiro looks down at him. “Didn’t you call me a furry two days ago?”

“Huuuuh…”

Ojiro drops him.

(…)

"How- how much cake did he have?" Midoriya asks, camera focused on where Sato is buffed up and crying over a very tiny kitten that's sitting on his palm.

"So much," Sero says, sounding haunted. "So much."

"It's just so cute," Sato cries.

"I know, bro, I know," Kirishima says sympathetically, patting him on the arm.

(...)

The camera shakes a little, while it changes hands.

"Come on, Deku! You've been recording the whole time, let me take over a little bit and go pet some cats," Uraraka's voice says from behind the camera.

Midoriya appears on screen, looking unsure and a little off-balance from being pushed.

Asui comes up from behind him and gently pushes him down into a quiet corner with some pillows on the floor to sit, before she deposits a cat in his lap.

Aoyama pushes a cup of tea towards him.

Midoriya looks down at the cat in his lap and then at the tea cup. He slowly holds his hand up for the cat to give a curious sniff before scratching it under its chin and looking up with awed eyes when the cat starts purring.

(…)

The camera zooms in slowly on Bakugou as he scratches the cat Kirshima was holding earlier behind the ear. The cat is now kneading at his thigh, looking extremely comfortable.

“I didn’t know Bakugou liked cats,” Kaminari’s voice says coming from behind the camera, sounding hushed.

“He connects well with cats because they both have asshole energy,” Sero says.

“The other day he looked straight at Midoriya while he pushed Midoriya’s mug off the counter,” Kirishima says.

Someone makes a wounded noise. Probably Midoriya.

Bakugou is thankfully too engrossed in petting the cat to notice.

(…)

Todoroki has somehow acquired a small army of cats who all seem to have collectively decided that he’s their new bed. They’re all pressed against his left side. He’s making a little barrier with his arm, and at least two cats are precariously draped over it.

“Todoroki-kun, are you alright?” Midoriya asks.

Todoroki looks up, eyes lost and overwhelmed and full of regret.

“I can’t hold them all,” he says, sounding distraught.

(…)

The camera is turned back to Midoriya, behind him there’s a couple other people from class A.

“And that is all for our cat café visit, how’s everyone feeling?”

“Great!” Uraraka says.

“I’ve never been happier in my entire life,” Shinsou deadpans, but there’s a smile in the corner of his mouth and he looks slightly less tired than he usually does.

“Cats… are good,” Todoroki says.

“It was a lot of fun, we should do it again!” Ashido cheers.

Iida sneezes violently again; Midoriya is beaming.

“That’s all then! Bye for now.”

"I'm holding books!" Iida yells, but drops them and catches Uraraka when she jumps into his arms.

He looks down at her in exasperation, and she grins. "It's not over yet," she says just as Midoriya rushes in and jumps too.

Iida stumbles back and almost crashes onto the floor, but manages to catch Midoriya and keep upright.

"Nice!" Uraraka says, and high fives Midoriya, both of them clinging to Iida. The books lay scattered on the floor.]

I have come to the realization that Iida probably can't get his legs wet because of his quirk and I can no longer rest thinking about how he showers if that's the case. I've tried following him into the bathroom but he always locks the door behind him, so I can only reach one conclusion. He pops his legs off at the knee to shower so his engines don't get wet, and reattaches them again when he's done.

how do I even caption this

[video description: Bakugou mid-screaming match, he looks really worked up as he yells at Shinsou.

"The lack of brain cells you're exhibiting! The dis-fucking-respect, I can't even fucking look at you right now! I can't even fucking fathom how someone can spout so much bullshit in one single sentence. How the fuck dare you? Who gave you the goddamned right to open your mouth about this ever? You're going to sit there and tell me Charizard is overrated? Shut the fuck up! He's the best starter! Not everyone is a bottle suckling baby bitch who can't handle the first three gyms without a type advantage! You mean to tell me a cabbage and a turtle win over a fucking dragon? Shut the fuck up! Never talk to me again!" he yells as he storms off.

"What the-" Shinsou says, and is immediately cut off by Bakugou when he stomps back into the room.

"And one more fucking thing! Everything Charizard gets he fucking deserves! That bitch is the only Pokémon in the anime with any decent personality! It's fucking iconic! You troll doll looking bitch! Never disrespect Charizard while you're under the same roof as me ever again!" and with that he leaves and slams the door behind him, hands sparkling as he curses everyone in the room out.

"What… just happened?" Kaminari says uncertainly, staring at the door shellshocked

"Dude, I think Bakugou is kind of a nerd," Sero says, sounding equally as shocked.]

hey quick question why did bakugou and midoriya just beat the shit out of each other in class and no one did anything about it

paypal link in bio
Oh that
They do that like, every month
Don't worry about it

#1 himbo
yeah they didn't even break anything this time so!!

depresso machine broke
what, and I cannot stress this enough, the fuck

Mobile Suit Gundam
There is no need to worry, they are fine. This was a method Aizawa-sensei came up with to manage the level of aggression they have towards each other outside of class.

depresso machine broke
so he just lets them beat the fuck out of each other

Mobile Suit Gundam
Beat the "f*ck" out of each other in a controlled environment with teacher supervision!

depresso machine broke
hey are yall aware that's kinda fucked up

paypal link in bio
Its better than Bakugou blowing up randomly and them getting into fights anyway

God is a Woman
I was unsure about Aizawa-sensei's methods at first too but they really seem to work. Both Bakugou and Midoriya get along better outside of class, plus I think it's cathartic for both of them to be able to go all out without fear of taking it too far or there being imminent danger.

#1 himbo
yeah bro don't worry!
plus they always have a bro session afterwards
they pay for each others lunches and everything its super manly

Proof of life
[picture description: Bakugou and Midoriya sitting at a table that's littered with mostly finished dishes. Midoriya is in the foreground throwing up a peace sign, having turned in his seat so the camera could catch both of them. There's a big band-aid on his cheek, and his wrist and hand are wrapped in bandages. He's grinning. Bakugou is in the background, noodles falling out of his mouth and flipping the camera off. There's a band-aid on his forehead and a piece of napkin stuffed up his nose. They both look roughed up, but otherwise fine.]

[video description: The camera focuses on Todoroki, who's sitting in a couch, looking bored.

"Hey, Todoroki-kun," Uraraka's chipper voice says. "Some creep on the internet gave me money to record you eating a popsicle, so can you eat this for me?" she asks, bringing into frame a blue popsicle.

There's a second of silence, before the living room erupts with noise, several people speaking over each other unintelligibly.

Iida appears on frame, behind Todoroki, chopping his arm through the air and talking about ethics and sexual harassment.

"What flavor is it?" Todoroki asks.

"Blue flavor."

"Sure," he says, and takes it from her. There's more noise as Todoroki tears off the wrapper, and then deadly silence when he bites down on it and starts chewing. It's so quiet you can hear the crunch of the ice.

Someone off-camera says a very soft but incredibly heartfelt, "What the fuck," as Todoroki takes a second bite.

The room is eerily quiet as Todoroki finishes eating.

He gives the leftover stick back to Uraraka.

"Thanks Todoroki-kun," Uraraka says brightly. The video cuts off.]

The other pictures are close ups of the drawings that aren't limited to but include, an incredibly accurate rendition of Sonic on his calf, complete with the words GOTTA GO FAST near it, the words YEET drawn on his forehead, a smiley face on his cheek, a moustache and a goatee drawn on him, and an incredibly intricate flower pattern that looks like an actual tattoo on his other calf.]

suns out ☀️💪

[video description: The camera jerks as whoever is holding it runs towards Kirishima yelling his name repeatedly. Kirishima looks up with a confused smile.

"Cool shirt, Kirishima!" Ashido says.

"Thanks, Mina!" Kirishima says, puffing up his chest to display the SUNS OUT GUNS OUT print across his chest.

"Oooh, shows us your guns!"

Kirishima laughs but flexes. Ashido makes a show of screaming and fawning over him.

"What're you two doing?" someone says, and the camera jerks to reveal Kaminari.

"Denki! Suns out!" Mina prompts

Kaminari flexes without missing a beat. "Guns out!"

"Sero, you too!" Mina says, shifting the camera a little to reveal Sero just beside Kaminari. Sero flexes. "Hell yeah!"

The camera shifts again. "Baku-"

"No."

"Booooo," Ashido whines.

"I'm not saying it," Bakugou sneers, but he 'casually' reaches behind his head and flexes.

"Hell yeah, check those guns!" Ashido cheers, before shifting the camera again. "Uraraka!"

Uraraka startles.

"Show us your guns!" Uraraka flexes. Ashido screams, "Holy fuck!"

"Language, we're on school grounds," Iida's voice booms.

"Iida show us your guns," Ashido says.

"Weapons aren't permited on school grounds," he says, chopping the air with his hand. "Besides I hardly think this is-"

"Booo, you're no fun," she says, turning the camera away, it catches a flash of green and purple and stops on it. "Midoriya! Suns out guns out!"

Midoriya startles, turning his head towards the camera as Ashido comes closer to him.

"What?" he says.

"Show us your guns, Midoriya, the suns out you have to."

Midoriya laughs and flexes, "Suns out!" he says dutifully.

There's a distinctive cocking sound, followed by Shinsou saying, "Guns out." The camera jerks towards him just in time to see him finish cocking a gun.

"Holy fuck is that a real gun!" Ashido screams.

Midoriya also looks startled.

"Where did you even pull that from?"

"Don't worry about it," Shinsou says.

"Shinsou!" Midoriya says sounding distressed.

Shinsou aims the gun at something off screen and shoots. The camera jerks towards what he shot at just in time to see a foam dart land on the floor at Bakugou's feet.

"Got'em," Shinsou says with a grin in his voice.

Bakugou's hands start sparking. "You're fucking dead!" he screams and moves to run at Shinsou.

"Oh shit!" Midoriya says, and the camera manages to catch him picking Shinsou up and throwing him over his shoulder before he starts running down the hall. Bakugou gives chase, cursing them out the whole time. Shinsou flips him off with both hands from over Midoriya's shoulder. The video cuts off to Ashido's hysterical laughter.]

THREE POINTS FOR BAKUGOU!!!!!!!
[video description: Bakugou crossing the living room, with a laundry basket propped on his hip as he uses his free hand to scroll through his phone.
"Trust fall challenge!" Ashido's voice rings out, and Bakugou immediately drops both the basket and his phone on the floor and starts looking around wildly, knees bent as if he's bracing himself.
Sero comes running from one side and Kaminari comes running from the other, jumping at Bakugou with barely two seconds between them. Bakugou somehow manages to catch them both, almost overbalancing but managing to steady himself.
He looks mildly pissed but also smug, before the expression is wiped off his face when Ashido yells, "Incoming!" and jumps on his back. He's clearly not expecting the additional height and starts tipping forwards. For a second it looks like he's going to fall on his face and take everyone with him, but he turns his hands away from where he's keeping Kaminari propped up and sets a small explosion towards the floor, propulsing them backwards enough that he manages to regain his footing.
There's two seconds of silence where they catch their breaths from the scare of almost falling before the yelling starts, Bakugou cursing them to hell and back, and the other three yelling excitedly.]

“Don’t get on the counter you mangy mutt, I’m cooking!” he says, picking her up and putting her back on the floor.

Soba meows loudly, and jumps on his leg, sticking her claws into his clothes as she tries to climb.

Bakugou pries her off and dumps her back on the ground.

This goes on for five more minutes before Bakugou grabs a piece of shrimp and gives it to her.
